METROLOGY FOR MANKIND
AdMet
2023

General Information

- Follow and use this template to prepare vertical poster for AdMet-2023 : **Size : 90 cm (Width) x 100 cm (Height)**

- The poster may contains single/double/triple column(s).

- Use 60 pt. bold for Title in sentence case, 48 pt. for author name and 36 pt. for institution name.

- Use the same title as provided in the abstract and give the Abstract ID as provided.

- Separate boxes can be used for each section: for example:

  Introduction, Materials & Methods, Results and Discussions, Conclusion, Reference, Acknowledgement etc.

- Individual box width and height can be adjusted according to each section, but keep the overall width same as this template.

- Section boxes should not overlap with each other, keep little gap between them.

- Figures and Tables should be clearly visible in the poster with appropriate font size for caption in **the required sections.**

- Use 40 pt. font for text in the poster for better visibility.

- Multicolour fonts may be used for better representation.

- High Definition images may be used if required for better illustrations.

- Give contact email address at the bottom of the poster.

- References may be cited as :

  - Author(Year), Proc. Conf. Title, City, Country.

  - Author(Year), Title of Book, Publisher Name, Publisher City.

  - Author(Year), Journal Name, Volume, Pages.
